

### AQ-AR-7.1.1-X048

The Nanz Monoblock Kitchen Faucet features a single control for volume as well as temperature. Turn for temperature-tilt to control volume. Fluhs valves assure balanced pressure and anti scald features. Tension is perfect for just the right feel. A separate hand spray is also available. Revived from early fittings by American companies like, Mott, Meyer Sniffen, Crane and American Standard the American revival collection improves on wonderfully familiar shapes with the latest ceramic valve technology from FLUHS. As was the case in the early 20th century, handles are interchangeable allowing for a multitude of variations. Manufacturing to order allows Nanz to build your faucet as you like; just let us know your preference. A variety of both friendly finishes are offered. Contact one of our offices for more information and assistance with specification.

Spout Height: 16"  
 Spout Projection: 8"  
 Collection: American Revival  
 Knob Style: N° X048
