

N° 1121

The N° 1121 knob follows the strict geometry and minimalism of the Bauhaus style. The knob, shank, and rose are reduced to simple unadorned cylinders as an exercise in form and proportion. The slender extrusion, making this a handed knob, pays homage to Gio Ponti's lever design. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob.

Projection: 2-3/8"

Diameter: 1-3/4"

Collection: Gio Ponti
