

No 1204R

The No 1204R knob was often used in Neoclassical Park Avenue apartment buildings of the 1920s. A roped astragal complements the ogee face and torus edge of the knob, which is also available with beaded or knurled detailing. The shallow cove of the shank is echoed in the edge of the rose. Full mortise entry locks, privacy locks, passage latches, as well as tubular latches can be provided for use with this knob. Recommended finishes include polished nickel, burnished brass, pewter, antique brass, and dark oxidized bronze. All Nanz plated and patinated finishes are available. The knob measures 2-1/4" in diameter with a projection of 2-5/8", and can also be provided in 3/4", 1", 1-1/4", and 1-1/2" diameters suitable for cabinetry.

Diameter: 2-1/4"

Projection: 2-5/8"
