

N° 2080

The N° 2080 modern lever, a straight bar with rounded edges and downward-curving end, reflects the minimal, recessive aesthetic in architectural design since the middle of the 20th century. The handle can be provided with a variety of alternative rose designs. It can be used to operate tilt & turn windows and multi-point locking systems as well as traditional mortise locks. All Nanz plated and patinated finishes are available.

Length: 4-1/8"
Projection: 2"
Rose Diameter: 1-3/4"
Lever Style: Modern
