

N° 3754BF

The No 3754 modern lift-off hinge, sometimes called a *paumelle*, updates 18th-century French design by eliminating superfluous ornament. The upper and lower cylindrical knuckles are separated by a disk-shaped bearing that creates a sense of proportion that works well in both traditional and modern interiors. The hinge is shown with ball [finials](#). The hinge is handed; the right-hand hinge is shown. Nanz also manufactures a matching cabinetry *paumelle*. All Nanz plated and patinated [finishes](#) are available.
