

Nº 5900PP

The Nº 5900PP heavy glass push plate with beveled edge is typically specified for double-acting doors between the kitchen and dining room. The high-quality glass is hand beveled and polished. It is provided with roundhead screws to match the surrounding hardware. Minimal in appearance, the glass push plate is the perfect complement to both traditional and contemporary interiors. Offered in the sizes below, custom sizes can also be manufactured.

Height: 12"
Width: 3"
Projection: 3/8"
