

N° 8164TX11

The N° 8164 TX11 cabinet knob maintains an organic appeal with its minimalist and parabolic form. The face of the knob has a shallow, ergonomic cavity. On many occasions it has been specified alongside the [N° 1699D](#). It is suitable for neo-classical and modern interiors. As with all Nanz products it is available a variety of plated and patinated [finishes](#).

Diameter: 1-1/4"

Projection: 1-1/8"
