

N° 9604

The No 9604 large pocket door edge pull is designed for oversized or thick doors. The handle pivots outward by pushing on the top. It is used in conjunction with any of our pocket door flush pulls. The face measures 6 - 15/16" x 1 - 1/4" with a mortising depth of 3". All Nanz plated and patinated [finishes](#) are available.
